PDF viewer demo

A sample document for every teacher.

Open this document from the teacher content list.

Confirm that all four pages are available.

Use a student account with access to test the viewer.

01

Page navigation

A second page with a different visual marker.

Move forward and back between pages.

Check page numbers and loading indicators.

Reopen the document and confirm a fresh session.

02

Readability check

Sample learning content: simple arithmetic.

12 + 8 = 20

9 x 7 = 63

100 / 4 = 25

03

Viewer checklist

The final page confirms navigation to page four.

- Check that the student watermark is visible.
- Check zoom, portrait layout, and page edges.
- This document contains test content only.
